TITLE Miami-Dade Community College Course Sequencing Pathways: A Computerized Course Selection System.
INSTITUTION Miami-Dade Community Coll., Fla.
PUB DATE [84]
NOTE 22p.
PUB TYPE Reports - Descriptive (141)

EDRS PRICE MF01/PC01 Plus Postage.
DESCRIPTORS *Academic Advising; Community Colleges; *Computer Oriented Programs; *Courses; *Degree Requirements; *Required Courses; *Sequential Approach; Two Year Colleges

ABSTRACT

The Course Sequencing Pathways Computer Support System was developed at Miami-Dade Community College (MDCC) to aid students and advisors in selecting appropriate courses based on test scores, MDCC graduation requirements, the university of choice (if applicable), and the student's major. A student report, which is calculated on-line, is available as part of the Advisement Graduation Information System and as a separate report created for first-time-in-college students when they complete basic skills testing. The report has several features: (1) a list of suggested and required courses in the English and math sequences, the General Education core, the General Education distribution courses, electives, required courses for the major, and physical education requirements; (2) a list of all of the pre- and co-requisites for the courses listed; (3) a list of all registration holds that the student will encounter when attempting to register; and (4) career information related to the student's major, including a general statement on career opportunities in the field and information particular to the campus. These reports are available for use as part of the advisement process by the time that students have completed their testing and orientation program. Samples of Course Sequencing Pathways Reports are included. (AYC)

## COURSE SEQUENCING PATHWAYS

## A COMPUTERIZED COURSE SELECTION SYSTEM

The Course Sequencing Pathways Computer Support System was developed to aid students and advisors in selecting appropriate courses based upon test scores, Miami-Dade Community College graduation requirements, the university of choice, if a transfer student, and the particular major of a student. The student report calculated on-line and is available as an additional part of the Advisement Graduation Information System (AGIS) as well as a separate report created at the time a first-time-in-college student completes basic skills testing.

The report has several features. The first, the actual course sequencing report, lists suggested and required courses in several columns. Based upon a student's major, test scores, and university of choice, the English sequence is indicated in the first column, the Math sequence in the second column, the General Education core in the third column, and if a transfer student, the General Education distribution courses, electives, and Physical Education requirements in remaining columns. For the Associate in Science degree-seeking student, the first three columns are the same as the aforementioned report. The next column lists major course requirements, the fifth column lists the electives in the program, and the last column lists Physical Education courses. For Certificate students, the first two columns are the same if the Certificate includes English and Math courses. The third column lists the Certificate courses. As students complete courses, the computer indicates the grade the student received in the course. If currently enrolled the computer places an asterisk next to the course and if pre-registered for a future term a plus sign.

IC 850 410

The second feature of the report lists all pre- and co-requisites that the student is required to take based upon the courses listed in the several columns. Some of these pre- and co-requisites, especially in the Math and English areas, have computer holds which preclude the student from registering for advanced courses before completing the appropriate pre- or co-requisites.

The third feature of the report lists all registration holds that the student will encounter when attempting to register. Too often, students stand in line at registration terminals and are not aware that certain academic, financial, or administrative holds will preclude them from registering. This report "games out" for the individual student each computer hold that could exist for the student based upon their record at Miami-Dade. As each of these computer holds are satisfied, that particular entry is deleted from the on-line calculation for the student's report.

The final feature of this report indicates career information based upon a student's major. This section is divided into two parts. The first part is a general statement on career opportunities for a particular major. This information is agreed upon by the heads of academic advisement and the academic departments involved within the District. The second paragraph is one originated at the campus level. Information in the second paragraph may direct students to a particular advisor, information about co-op, job placement, etc.

The Course Sequencing Pathways Report is available from printers located in the advisement and registrar's offices through the District. It can be ordered as an additional option as part of the Advisement Graduation Information System (AGIS), or as a part of the District-wide basic skills testing program. After a student completes the basic skills test, the answer sheets will be scored through an on-line optical reading device with a personal computer interface that sends an electronic signal indicating the student's score to the Miami-Dade Community College District computer. The computer then uses the student's basic skills test result to create the Course Sequencing Pathways document. As part of the basic skills testing program, information about a student's major is collected. The main computer at Miami-Dade then electronically transmits the Course Sequencing Pathways document back to the testing/orientation room where it is printed on one of two laser printers. By the time the orientation session for a student has ended, all the course sequencing reports for the students who attended the testing/orientation session are printed and ready to be used as part of the advisement process.

With the advent of the Course Sequencing Pathways document, the Miami-Dade Community College student information system provides continuous information to students on progress, advisement information, and registration tracking.

ELECTIVE COURSES ARE LISTED IN ALPHABETICAL ORDER. CHECK WITH AN ADVISOR FOR PROPER SEQUENCE.

COURSES INDICATED BY "#" UNDER FN REQUIRE A PRE-REQUISITE OR CO-REQUISITE. PLEASE SEE END OF THIS REPORT.

PLEASE READ THE FOLLOWING REMARKS THAT RELATE TO COURSES THAT ARE INDICATED BY A NUMBER OR LETTER UNDER FN:

1 REA1105 COUNTS AS ELECTIVE CREDIT.

2 ENC1101 MUST BE TAKEN BY THE SIXTEENTH CREDIT REGISTERED.

3 MAC1102, MAC1132, MAC1142, MAC2233 AND STA2014 ARE RECOMMENDED OR SUGGESTED FOR TRANSFER. SELECTION OF THE MATHEMATICS DISTRIBUTION COURSE SHOULD BE MADE FROM ONE OF THEM. IF ONE OF THESE COURSES IS SELECTED, THEN THE OTHERS SHOULD BE TAKEN AS ELECTIVE CREDIT. IF A COURSE OTHER THAN ONE OF THESE IS SELECTED, THEN ALL SHOULD BE TAKEN AS ELECTIVE CREDIT.

COURSE SEQUENCING - SOUTH CAMPUS

STUDENT NAME: JOHN CHARLES STUDENT STUDENT NUMBER: 1234567

4 HUM1020, PSC1515, PSY1000 AND SS11120 MAY BE TAKEN IN ANY SEQUENCE.

5 HUMANITIES DISTRIBUTION COURSES MAY BE TAKEN ONLY AFTER THE COMPLETION OF HUM1020, EXCEPT FOREIGN LANGUAGE COURSES, WHICH MAY BE TAKEN PRIOR TO THE COMPLETION OF HUM1020.

6 NATURAL SCIENCE DISTRIBUTION COURSES MAY BE TAKEN ONLY AFTER THE COMPLETION OF PSC1515.

7 SOCIAL SCIENCE DISTRIBUTION COURSES MAY BE TAKEN ONLY AFTER THE COMPLETION OF SS11120.

8 ECO2023 AND PSY2012 ARE RECOMMENDED OR SUGGESTED FOR TRANSFER. SELECTION OF THE SOCIAL SCIENCE DISTRIBUTION COURSE SHOULD BE MADE FROM ONE OF THEM. IF ONE OF THESE IS SELECTED, THEN THE OTHER SHOULD BE TAKEN AS ELECTIVE CREDIT. IF A COURSE OTHER THAN ONE OF THESE IS SELECTED, THEN BOTH SHOULD BE TAKEN AS ELECTIVE CREDIT.

9 HLP1010 MAY BE TAKEN AS ELECTIVE CREDIT IF TWO CREDITS OF ACTIVITY COURSES ARE TAKEN.

A QMB2100/STA2014 - TAKE EITHER QMB2100 OR STA2014

B COC1312C - THREE SEMESTER HOURS IN COMPUTER PROGRAMMING-FORTRAN/COBOL OR BASIC.

B COC1312C - OTHER INTRODUCTORY DATA PROCESSING COURSES OFFERED AT MIAMI-DADE.

C ACG2001 - IF ACG2001 IS REQUIRED OR SUGGESTED, STUDENTS MUST TAKE EITHER ACG2001 & 2001L OR ACG1003, 1003L, 1004 & 1004L.

REMARKS RELATING TO TRANSFER TO FLORIDA STATE UNIVERSITY:
ADMISSION TO THE COLLEGE OF BUSINESS IS BASED UPON AVAILABILITY OF FACULTY AND SPACE BY DISCIPLINE. BASED ON THESE, STUDENTS WITH AT LEAST 2.50 GPA IN 52 ACCEPTABLE SEMESTER HOURS WILL RECEIVE PRIORITY CONSIDERATION BUT ARE NOT GUARANTEED ADMISSION TO A DEGREE PROGRAM IN THE COLLEGE OF BUSINESS. MAJORS-ACCOUNTING/FINANCE/MANAGEMENT/MARKETING/REAL ESTATE/RISK MANAGEMENT & INSURANCE/HOTEL & RESTAURANT ADMINISTRATION/MULTI-NATIONAL BUSINESS. LIMITED ACCESS PROGRAM.

THESE SCHOOLS PREFER TO TEACH ALL FINANCE, MARKETING, MANAGEMENT & BUSINESS LAW (UNIVERSITY OF FLORIDA ONLY) COURSES. AT THE UNIVERSITY OF FLORIDA: MAS2103 REQUIRED FOR COMPUTER SCIENCE MAJORS; ACG2011 NOT REQUIRED FOR ACCOUNTING MAJORS; SELECTIVE ADMISSION PROGRAM; AT THE UNIVERSITY OF FLORIDA ALL COURSES MUST BE COMPLETED WITH A 2.5 MINIMUM GPA. COMPUTER SCIENCE REQURIES A 2.75 GPA. SIXTY FOUR SEMESTER CREDITS REQUIRED. LIMITED ACCESS PROGRAM AT UCF.
